Fiber Enclosures
Wallmount Patch Panels

Optec provides user friendly and economical cable management solutions for maximizing performance and protection of network cabling. Our wallmount fiber patch panels are used to support direct splicing or cable patching management.

The panel can be flexibly houses with splicing kit set or cable management spools to cater for different applications. Made of high quality steel with beige powder coating, this wallmount patch panel is offered in 12-, 24-, 48-, 72-, 96-, and 144-fiber with total 5 different sizes to fit for different installation and fiber capacity.

Features and Applications

Flexible design with customized configuration support patching or splicing
Available for 12, 24, 48 ,72 ,96 & 144-fiber capacity
With FC, SC, ST or LC adaptors.

Lockable door to restrict unauthorized access
High security for cable management.

**Ease of installation and maintenance.**
Easy mounting requiring minimal tools with 2-door design

Available with loaded adapters and pigtails
Caters for different deployment in various applications

Ordering Information

W M P ☐ ☐ ☐ — ☐ ☐ ☐ — ☐ ☐ — ☐

1   2   3   4

1 Bundle Method
PCH = Patching
SPL = Splicing

2 No. of Fiber
012 = 12-fiber (for Size-1)
024 = 24-fiber (for Size-1)
048 = 48-fiber (for Size-2)
072 = 72-fiber (for Size-3)
096 = 96-fiber (for Size-4)
144 = 144-fiber (for Size-5)

see Remark-1 for size in (W x H x D) mm

3 Interface
FC = FC
SC = SC
ST = ST
LC = LC

4 Fiber Mode
1 = Singlemode: OS1/2
2 = Multimode: OM1, OM2
3 = Multimode Gigabit: OM3, OM4

see Remark-2 for adapter color for each fiber modes
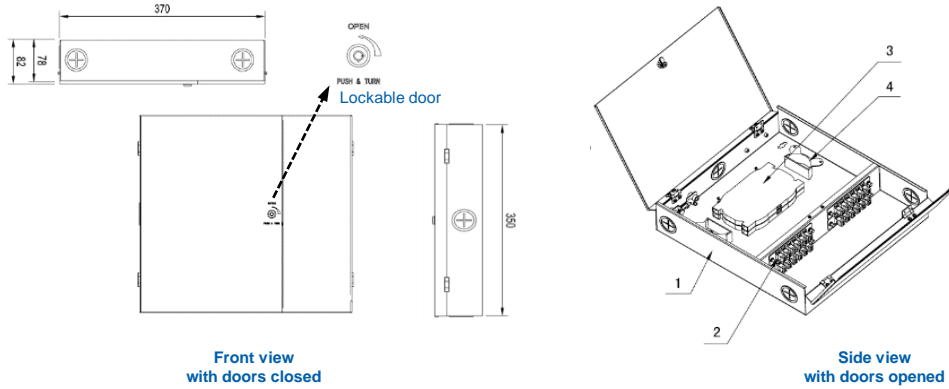

Remark-1: Size in (W x H x D) mm

Type	Fiber Count	Size (W x H x D) mm
Size-1	12-, 24-Fiber	370 x 350 x 78
Size-2	48-Fiber	420 x 420 x 78
Size-3	72-Fiber	420 x 420 x 108
Size-4	96-Fiber	420 x 420 x 138
Size-5	144-Fiber	420 x 420 x 198

Remark-2: Adapter color for each fiber modes

Adapter \ Mode	FC	SC	ST	LC
Singlemode: OS1/2	Metal	Blue	Metal	Blue
Multimode: OM1, OM2	Metal	Beige	Metal	Beige
Multimode Gigabit: OM3, OM4	Metal	Aqua	N/A	Aqua

Product Illustration & Examples

Example: **Ordering code :** WMP-SPL-024-SC-2
Item Description: Wallmount Panel for Splicing, 24-fiber (Size-1)
Loaded with SC Multimode Adapters (with beige housing)

Lockable door

**Front view
with doors closed**

**Side view
with doors opened**

1	Wallmount Panel
2	SC Multimode Adapter
3	Splice Tray
4	Cable Management Spool

Example: **Ordering code :** WMP-PCH-072-SC-1
Item Description: Wallmount Panel for Patching, 72-fiber (Size-3)
Loaded with SC Singlemode Adapters (with blue housing)

**Front view
with doors closed**

**Side view
with doors opened**

1	Wallmount Panel
2	SC Singlemode Adapter
3	Cable Management Spool
